News Digest.

In the House, yesterday, three ballots were had for printer, resulting in no choice.

Some late news from Mexico will be found in our telegraph columns.

WALTER S. GURNEE is the Democratic candidate for Mayor of Chicago.

Secretary CASS is reported to be seriously ill.

A large woolen and cloth factory at Brookly, C.W., was destroyed by fire on Saturday. Loss $20,000.

Great Telegraphic Feat—From Nova Scotia to the Mississippi in a Few Seconds!

The extraordinary operation of sending despatches direct from Halifax, Nova Scotia, to Milwaukee and Prairie du Chien, via Quebec, Kingston, Ogdensburg, Detroit and Chicago, was to-day performed, the lines working over three thousand miles with ease. Despatches were received at Milwaukee, and other points, and answered in a few seconds promptly and with accuracy. This is working over a line nearly twice the length of the Atlantic cable, and demonstrates the fact that with good lines and skillful operators, a line of almost any length can be worked as well as a short one. The operators here inform us that it would have worked, without doubt, equally as well over one or two thousand miles of additional wire.

Pacific Railroad.

A bill has been prepared for introduction into Congress granting a Charter for a Pacific Railroad and telegraph to the Southern Pacific Railroad Company, a corporation already chartered by the State of Texas, of which company J. EDGAR THOMPSON, of Pennsylvania, JAMES GUTHRIE, of Kentucky, JOHN P. KING, of Georgia, S. M. L. BARLOW, of New York, and various other gentlemen are now Directors.

The substance of the scheme embraced in the proposed Charter, is for the Texas Company to build a Railroad and telegraph to the Pacific on the Texas route; receiving, therefore, very extensive grants of land in the shape of alternate sections along the route, and a further bonus of one million of dollars for every fifty miles of railroad and telegraph constructed, until the road shall reach the base of the Rocky Mountains; and of two millions of dollars for every fifty miles of road and telegraph built and completed from that point to the Pacific; the whole grant of money, or bonds, being limited to thirty-five million dollars.

The bill also embraces propositions of the same character to build another road and telegraph from the Missouri River to the Pacific on any route north of the 38th parallel of latitude, with a branch to Oregon, which shall be found most eligible, on the same terms and with the same limitations as to the funds advanced, as in the first named route. The parties in interest in this road are ERASTUS CORNING, J. T. SOUTTER, of New York, BENJAMIN H. LATHROP, of Maryland, and a number of other gentlemen as associates.

Bank Comptroller.

THE NEW YORK POST says the streets of the city are in such a deplorable condition that one can scarcely go two or three blocks without meeting with a downright accident or a real heroic adventure.

SHOCKING ACCIDENT.—A young man aged 13, named Frederick Field, son of Rev. Mr. Field, pastor of the Swedenborgian Church, was returning about twelve o'clock last night on horseback from a juvenile party about two miles above the city. Having occasion to stop at the house of Mr. W. W. Hart, at the corner of Congress and Rivard street, to help some children out of a wagon, he reined up for that purpose, in doing which, his horse, which was unshod, slipped and fell, crushing the unfortunate young man in his fall. Surgical aid was summoned, when it was ascertained that a blood vessel was ruptured, from which blood had flowed very profusely. His condition is exceedingly critical, and it was the opinion of the surgeons that he would not survive. He was, however, slightly easier this morning. What makes the matter more deplorable, the estimable and kind-hearted father of the sufferer is absent from home.—*Detroit Tribune.*

THE NEW YORK HERALD declares that in New York city, "not only does the Southern trade open with its usual briskness, but it is observed that the purchases are much larger than those made in any former years. Whilst western men are buying but little, the Southern merchants seem to be investing all the cash that they can spare, in goods which evidently are intended for present demand."

THE CITY.

CONVENTION OF COMMON COUNCIL.—There was a joint session of the Aldermen and Councilors on Saturday afternoon to hear the report of the committee appointed to frame a bill for the purpose of enforcing the collection of Railroad bonds due the city.

The committee reported a bill for that purpose which was read by the Mayor. It met the approbation of the members present—and by unanimous consent the report was adopted, and the Mayor and Clerk directed to memoralize the Legislature for the passage of the bill.

A bill was introduced by Councilor BUENING, to authorize the Second Ward to issue bonds for $5,000 for the purpose of a public park and requesting the Common Council to memoralize the Legislature in behalf of the Second Ward to allow said bonds to be issued.

Councilor LOCKWOOD opposed the resolution on the ground of not wishing to have any more bonds issued at this time, either by the Wards or the City.

Councilor BUENING advocated the resolution because the work was done already, and it was easier for the Second Ward to issue bonds and "go on tick," than to pay up by special tax.

The resolution was carried.

MUNICIPAL COURT.—Yesterday morning, the Petit Jury were called and sworn in, and the indictments found by the Grand Jury at its last session will be brought up for trial.

The first case brought on was that of the State vs. James Walton, on an indictment presented for an assault with intent to commit a felony, by stealing from the pocket of Miss MARY J. BORDWELL, her portmonaie at Albany Hall on the 27th of January. District Attorney CORSON appears for the prosecution and L. WYMAN, Esq., for the prisoner.

The testimony of Miss BORDWELL was positive that she saw the prisoner taking his hand from her pocket, and immediately thereafter thrusting her own hand into the pocket and missing her portmonaie whereupon she accused him and he denied. Col. HORATIO HILL also testified to having pursued the prisoner through Michigan and down East Water Street for a short distance, where he arrested him and took him to the Police Station. Doct. RAMSDILL was also called to identify the prisoner as the person he had pointed out to him as being the pickpocket when leaving the hall, etc. Officer RHODES testified in the case, and produced the coat worn by the prisoner at the time of his arrest, showing the pocket so arranged that he could put his hand through the lining at his pleasure.

PATRIOTISM NOWHERE.—CALEB WALL illuminated Albany Hall last evening, had the spacious room comfortably warmed, and extra seats provided to accommodate the patriotic citizens who would congregate to take measures to celebrate the birthday of the Father of our Country. But eleven men and one boy were all that could be got together, by the greatest amount of waiting and preparing, and at a seasonable hour the gas was turned off, the fires allowed to go out, and CALEB, mourning the lack of spirit in our community, like the plowboy in GRAY's Elegy, "homeward plodded his weary way."

BENEFIT BALL.—We observe that some one has started a ball for the benfit of a poor family, and that it is to be held at Albany Hall, next Monday night. In such matters, either the name of the family should be given, or else the names of the Committee having the matter in charge. There should be some one responsible for it. People don't like to give, unless they know where their money is going. But let it be show that it is all right, and they will give freely, as they always do.—*Wisconsin.*

The efforts being made to get up an entertainment may be attributed to a very worthy and well known association of this city, known as the Mary and Martha's Society. People who feel disposed to give may be sure that their money will be judiciously disposed of.

TAKING WATER FROM THE PUBLIC CISTERNS.—A resident of the Seventh Ward informs us that he saw several persons taking water, yesterday morning, from the Public Cisterns in front of the Cathdral on Jackson street and the Summerfield M. E. Church on Van Buren street. These cisterns were built by the city as a means of protection against fire; but if the water is to be taken for private use their value is gone. There is no water to spare in those cisterns now, and there are no other sources of supply in that vicinity, to which the engines could resort in case of fire.

MORTON AND FOWLER have at last come back to their old stand, and their new store, adjoining the Post Office; the interior of which they have fitted up with a taste and skill peculiarly their own, making it, without question, the most attractive drug store in town. Messrs. MORTON & FOWLER deserve all praise for their enterprising spirit.

Last night crowds of admiring people gathered about the windows, and exclamations of delight were heard all about that region. Indeed the spectacle was a pleasing one, and seldom have we seen a store appear to better advantage by gas light than does this new one of our enterprising friends.

DUTIES OF THE FIRE COMMISSIONERS.—Those who were present at the fire in the Third Ward, on Saturday night, and saw the north wall of the building bulge out and fall to the ground before the roof fell in, need not be told that the structure was an insecure one and in violation of the ordinance concerning buildings in the fire limits. It is the duty, we presume, of the Fire Commissioner to see that the provisions of this Ordinance are strictly complied with. The Ordinance is a good one and should be enforced.

THE BURLESQUE CONCERT of the Musical Society takes place this evening. It will be a grand affair. The following is the programme:

2. Quarrel Duett; from the Opera "Mason and Blacksmith;" by Auber.
3. Comic Quintette; by Mozart
4. Comic Cantate (Musical Instruction); from the Opera "Czar and Zimerman."
5. Carnival of Venice; for Violin.
6. Duett between two "Pussies."

PART II.

WASHINGTON'S BIRTHDAY.—*Mr. Editor:*—Some of the city papers are suggesting a great celebration of WASHINGTON's birthday. But as Ash-Wednesday, the beginning of Lent, falls upon the 22nd, and as that is a day which a large number of our citizens observe as a day of feasting and prayer, would it not be well to keep an earlier day, say Monday, the 20th? *

DENTISTS.—Doctors MINER and FARIES, accomplished Dentists, have again formed a partnership and opened an office at No. 21 Wisconsin street. See their card in our advertising columns. They are both skillful operators and their charges are moderate.

GODEY'S LADY'S BOOK FOR MARCH.—We are indebted to Messrs. E. TUNIS & Co., on Wisconsin street, for Godey's Lady's Book, for March. It is a superb number. TUNIS has all the magazines, and Eastern publications, ahead of the mail.

THE BALL OF SUPPLY HOSE will come off to-night at the Walker House.

The Municipal Court Clerk.

For the Sentinel.

MILWAUKEE, Feb. 10, 1860.

MR. EDITOR:—Allow me to ask the Hon. E. FOOTE, Judge of the Municipal Court, through the columns of your paper, whether the neglect and refusal of Mr. HILMANTEL, the Clerk of the Municipal Court, to account for and pay over to the City Treasurer, as it is contemplated by law, all fines received as such Clerk, is not "*an official misconduct, or wilful neglect of duty*," and in the meaning of Sec. v, Chap. xiv, of the Revised Statutes, a sufficient cause for the removal of Mr. HILMANTEL as such Clerk?

I should think a Judge whose duty it is to impose severe punishment daily upon persons convicted of but slight offences, should feel called upon to maintain his dignity and official honesty by censuring rigidly all misconduct and violation of official duty of the officers of the Court, especially such as are alleged to be perpetrated by Mr. HILMANTEL, as Clerk of the Municipal Court.

AN OLD SETTLER.

JOINT CONVENTION OF COMMON COUNCIL.—Last evening a convention of the two Boards, Aldermen and Councilors met to consider the expediency of changing the time of holding the municipal election. Councilor LOCKWOOD offered the following resolution:

Resolved, That it is inexpedient to take any further action in relation to the time of holding election.

Which resolution was adopted.

Considerable debate then ensued on the expediency of changing the time of collecting taxes—from winter to summer.

The motion to change the time was lost—ayes 4, noes 8.

The clerk read the following resolution:

Resolved, That the charter agreed upon by a majority of the members of the Convention elected in August, 1858, for the purpose of revising the City charter, be referred to the committee of both Boards of the Common Council recently appointed for a like purpose; with instructions that they carefully revise and amend the same as they shall deem most advisable for the interests of the people of the city. And also repealing the amendments of 1858 and 1859, so that the citizens of Milwaukee will have but one charter to refer to.

Resolved further, That the chairman of the said committee be requested to transmit a copy of the said charter when revised and amended, to our representatives at Madison, for the purpose of having it passed during the present session, by both houses of the legislature.

Councilor TESCH amended by adding,—"and having the same submitted to the Council."

A communication was read by the Clerk, asking the Council to memorialize the Legislature to pass an act authorizing the Second Ward to the amount of $5,000.

The Convention then adjourned, and the regular session of the Board of Aldermen commenced.

ELECTION OF OFFICERS.—At a meeting of the Stockholders of the Phœnix Insurance Company, on Monday evening, the following Board of Directors and Officers were elected:

FOR DIRECTORS.

H. H. Harrison,	Alex. Mitchell,
C. F. Ilsley,	O. Alexander,
D. Newhall,	J. Bonnell,
H. L. Palmer,	O. E. Britt,
A. Smith,	A. Finch,

President—O. ALEXANDER.
Treasurer and Sec'y—D. McDONALD.

Notwithstanding the dull times and somewhat heavy losses for the year 1859, this Company has not only paid all adjusted claims promptly—but has declared a handsome dividend and surplus. This speaks well for the management of the Phœnix, and proves that our home insurance companies do and will succeed.

THE MEETING of the Sabbath School Association last evening, at the First Presbyterian Church, was largely attended. The exercises were interesting, consisting of singing by the children, and speeches by friends of the cause.

CARD OF THANKS.—To the Chief Engineer, Mr. EVISTON, and the Fire Department:—I return my sincere thanks to the Chief Engineer, also the officers and members of the Fire Department, for their kind exertions in saving my property from the devouring elements at the fire on Saturday night last, on the corner of Main and Chicago Streets, in the Third Ward.

WASHINGTON, Feb. 13—3 P. M.

The weekly statement of the Treasury shows the amount subject to draft $8,500,847 30; receipts, $1,494,096 60; drafts paid, $21,231,505 02; drafts issued, $1,034,836 95. In addition to the above amount, which is subject to draft, the Treasury has $600.000 from the sale of a loan to receive, and $2,500,000 in Treasury notes capable of re-issue. The P. O. appropriation bill will draw about $6,500,000 out of the Treasury proper, leaving it a margin of $5,000,000, with present means, and $4,000,000 out of funds in depositories subject to the order of the P. M. General.

Judge M. F. Conway, Representative elect under the Wyandotte Constitution, arrived here from Kansas yesterday, and will testify before the investigating committee some day this week. Mr. Conway says there is no favor expressed in Kansas to the proposed change of the boundary of the State. He says that the Territorial Legislature now in session at Lawrence, will unite with the Wyandotte in memorializing Congress for immediate admission with the constitution as it now stands.

LATEST NEWS!

BY LAST NIGHT'S REPORT

Congressional Proceedings.

WASHINGTON, Feb. 13—3 P. M.

HOUSE—Mr. Wright, of Tenn., was appointed a member of the Committee on the District of Columbia, in place of Mr. Garnett, who was excused.

Mr. Pryor, of Va., was excused from service on the same Committee.

On motion of Mr. Craig, of Mo., a resolution was adopted that on Wednesday, at 1 o'clock, the Clerk shall call the States, commencing with Missouri, when the members may introduce bills and resolutions, of which previous notice has been given, for reference only and without debate.

Mr. Birch, of California, presented the proceedings of the Pacific Railroad Convention, called at San Francisco in September last, and moved that the subject be referred to a select committee of nine.

Mr. Sherman objected, saying he had previously moved that the House proceed to the election of Printer.

Mr. Maynard asked but failed to obtain leave to introduce a resolution providing for the selection of seats by drawing for them.

Mr. Houston thought there was no necessity for this, as every seat belonged to every member.

The House voted on the motion of Mr. Birch to suspend rules to enable him to have the Pacific R. R. Convention at San Francisco referred to a select committee. The question was negatived by 71 against 96.

Mr. Sherman's motion for the election of Printer was then stated.

On motion of Mr. Phelps there was a call of the House.

Mr. Sherman's motion to proceed to the election of Printer was adopted, with a proviso that the House retain the right to modify the existing laws on the subject of printing as it may see proper. The Printer receiving the appointment or election to do so on the condition herein set forth.

A committee of seven was appointed to examine into the law in relation to the printing of the House of Representatives, the prices paid for and the duty of the Printer, whose duty it shall be to report thereon, with the least possible delay, such improvements as they may deem advisable.

Mr. Florence placed in nomination Mr. A. J. Glossbrenner, saying the gentleman was a practical printer, and, if elected, would have the entire confidence of the House.

Mr. Severance nominated Jno. D. Defrees, also a practical printer; D. D. Banks, Edward Barksdale, and others were nominated, but were afterwards withdrawn.

The House then proceeded to vote: Whole number of votes 183; necessary to a choice 92; Mr. Defrees, 89; Mr. Glossbrenner, 88, Messrs. Gales and Seaton, 2; Mr. Blanchard, 2; Mr. Mitchell, 1; Mr. Flannigan, 1.

The House again voted: Whole number, 183; necessary to a choice, 92; Defrees, 90; Glossbrenner, 89; Gales and Seaton, 2; Blanchard 1; Coombs 1.

Further proceedings were interrupted by a message from the Senate, announcing the death of Mr. Broderick.

Mr. Burnett delivered a eulogy, saying that Mr. Broderick's memory will long be cherished by the people of California.

Mr. Haskins gave the eventful and romantic history of his deceased friend, believing his career would serve as a glorious precedent for the poor and humble, who have only the wealth of intellect to command. They were scholars together.

Mr. Haskin said in the course of his eulogy, that Mr. Broderick won the admiration of his friends and the respect of his enemies for his energy of character, integrity and fidelity to his friends. Mr. Broderick had no superior.

Mr. Hickman spoke of Mr. Broderick as God's instrument for mighty purposes.—Those that thought him less than a philosopher, never knew him. His every nerve was exerted to dignify labor. It might be said there was but one Broderick to walk the earth. He was just and generous, gifted and noble, pure and patriotic; he raised poverty into rank, proving the legitamacy of its blood. His fame would be as enduring as the records of public virtue.

Mr. Stout paid a tribute of respect to his friend.

Mr. Burlingame spoke of his friend as a Democrat without being a demagogue, who loved the people but never betrayed them, and after they discovered these traits of character he won their regard. He had an indomitable will under the power of which party names and party discipline disappeared. Men forgot that they were Democrats or Republicans, but called themselves Broderick men. Scornful of corruption and tyranny, in the grandeur and purity of his public and private life, he saw the very point which made him the advocate of the people's rights.

Mr. Morris, of Illinois, spoke of Mr. Broderick's raising himself to eminence by his own energy of character. What had he done that he should die by the hand of violence. If he had been less independent, he would have been a living man to-day. He was a moral hero, and alike scorned the smiles and corruptions of power, calling things by their right names. No Senator, in so short a time, ever acquired so wide spread a fame. When the roll of California statesmen shall be called on the Judgment Day, and Broderick is enquired for, more than one voice will reach the ear of Jehovah, saying, "Am I my brother's keeper?"

Mr. Sickles said there were very warm feelings of attachment for Mr. Broderick by many citizens of New York, among whom his youth and manhood was passed. He spoke of Mr. Broderick's noble traits of character, and called him the founder of the Democratic party in California.

Resolutions of respect were adopted and the House adjourned.

SENATE—Met at one o'clock. No preliminary business of moment was transacted.

Mr. Haun, in conformity to the practice of the Senate, had the melancholy duty to announce the death of David C. Broderick, late Senator from California, who died in San Francisco, Sept. 16th. He died in a conflict engendered by a bitter political contest. He was born in Washington a little over forty years from the time of his death. His father was a stone-cutter, but a respected artizan and citizen. He moved early in life to New York, where his father soon died. His mother and brother followed and David was left alone. He rose to a distinguished position in New York. He went to California an early pioneer, where he gained popularity and was elected to the State Senate and the President of that body. He had with laudable energy carved out his own fortune.

Mr. Haun paid an eloquent tribute to his memory.

Mr. Crittenden followed. He spoke of Mr. Broderick's personal characteristics, his boldness, frankness, honesty and many good qualities. May he rest in peace.

Mr. Seward referred to the expansion of the country to the Pacific. Mr. Broderick was the organizer of American Society in California. He possessed neither birth, education, fortune, nor any other prestige, to advance his ambition. When he (Seward) heard of his death, he expressed more than ordinary sorrow. He regretted that he had been prematurely cut off, in a life of usefulness, and eulogised him as a friend and an honest public servant.

Mr. Foster made some brief allusions to the virtues of the deceased. He referred to the manner of his death with the view of considering what action is necessary on the part of the Senate, and delivered a homily against duelling as a crime at common law. The question was, should the Senate pay a tribute to a man who had wilfully risked his life in violation of the laws of God and man. For one, whatever respect he might have for the deceased, he could not vote for the resolution of respect.

Mr. Foot, in behalf of Mr. Wade, who was detained from his seat by indisposition, pronounced a brief eulogy on the deceased, in which he lauded him as an honest and incorruptible man, and added his own concurrence to these sentiments.

Mr. Toombs said he found the deceased honest and truthful, and one of the best specimens of self-made Americans. He trusted him as a faithful and honest adversary. He fell in an honorable combat—in defence of his honor. He could not have died more nobly. He gave his hearty concurrence to the resolutions.

The usual resolutions were adopted, and the Senate adjourned.

Later from Mexico.

NEW ORLEANS, Feb. 13—9 P. M.

Miramon was preparing his expedition against Vera Cruz; he had raised money, and is concentrating troops for the purpose at the Capitol.

The Liberals propose to march upon the Capitol as soon as Miramon starts for Vera Cruz.

A pronunciamento, attempted on the 23rd, in favor of Marquez, was promptly suppressed.

The steamer Indianola sails on Sunday for Vera Cruz.

CHARLESTON, Feb. 13—9 P. M.

The Isabel has arrived from Havana and Key West, the 10th inst. E. L. Plumb, bearer of despatches to the U. S. Government, was a passenger.

The Courier's correspondent at Vera Cruz writes under date of the 4th, that Cobas with 2,000 men had been defeated on the Oljoca, and that Miramon's expedition against Vera Cruz is consequently probably abandoned.

The liberals had re-occupied Corina, San Luis and Gealaticas. The Church forces had been defeated near the Lascolla with a loss of 100 in killed and prisoners, and a quantity of artillery, ammunition, &c. Woll is successfully opposed in Jalisco.

The Church party Government is reduced to a small extent of territory.

The available force of the Liberals is 30,000 men.

Miramon, through extraordinary efforts, has negotiated the sale of $10,000,000 bonds for $450,000; through ellicit dealing with the French Minister, $9,000,000 of these bonds will enter the French Convention as foreign debt.

Mr. Matthews, the English Charge, had presented an ultimatum, asking full payment of his claims within eight days, in default of which he would demand his passports. Little confidence was placed in his sincerity.

Senor Ocampo had resigned the Ministry of Foreign Affairs, to accept a special mission to the United States and England, connected with the intervention of Government by the latter. Degollado takes his place. Ocampo leaves in the English packet of the 5th of March.

The stock of sugar at Havana and Matanzas was 3,500 boxes Muscovado, 8a9 reals.

Washington Matters.

WASHINGTON, Feb. 13—9 P. M.

Mr. Glossbrenner was supported for the House Printer, by the Democrats, Mr. Briggs and all the South Americans present, except Etheridge and Stokes, who voted for Messrs. Gales and Seaton.

Mr. Defrees received the vote of all the others present, including Mr. Davis of Miss.; and excepting Stanton, Adams and Carey.

Senator Douglas had prepared a eulogy on Mr. Broderick, to be delivered to-day, but last night he had a severe attack of pleurisy.

Mr. Farnsworth intends introducing a bill for the transportation of the mails from Missouri to the Pacific by R. R.

Mr. Grow will shortly introduce a bill for the introduction of Kansas into the Union.

Private accounts from the Rio Grande, represent that the statements made regarding affairs in that quarter, are much exaggerated, the object being to afford a restless set of adventurers a pretext for crossing into Mexico. Apart from Cortinas' band, the Mexicans are represented as exceedingly friendly.

A report prevails that the Secretary of State, Mr. Cass, has been attacked with serious illness.

As the contest for the House Printer is close, the expected arrival of Mr. Stallworth, to-morrow, is a matter of much interest among the Democrats.

New York Matters.

NEW YORK, Feb. 13—9 P. M.

A young married woman, named Sarah Jane McChester, has been arrested on suspicion of having something to do with the mysterious murder of the custom house watchman. The general impression is that she is innocent, and her husband's story corroborates her statement that she was at home all the evening. A stage driver asserts positively, however, that she got into his omnibus about the time of the murder, near State street and rode up to 29th st.

ST. LOUIS, Feb. 13—9 P. M.

The Santa Fe correspondent of the Republican says: The Speaker of the House introduced a bill to repeal a law passed in the last session of the Assembly protecting Slavery in that Territory. On the next day a resolution was almost unanimously adopted requesting him to resign the Speakership, which he did, and subsequently resigned his seat in the House and went home the same day.

Mr. Cuellary Medina was elected Speaker, and the bill in question referred to a select committee, who reported in favor of its rejection, which was done without a dissenting voice.

PHILADELPHIA, Feb 13—9. P. M.

The Supreme Court of Pennsylvania issued a decree to-day, commanding the city council of Pittsburg to make full and ample provision for the payment of the interest due on the $150,000 worth of bonds issued by the city of Pittsburg in the payment of its subscription to the charter of the Valley R. R.

TORONTO, Feb. 13—9 P. M.

The large woolen and cloth factory, near Brooklyn, C. W., owned by Mathewson & Ratcliffe, was totally destroyed by fire on Saturday. Loss $20,000; insured for only $4,000.

CHICAGO, Feb. 13—9 P. M.

The Democratic Convention this p. m. nominated Walter S. Gurnee, for Mayor.

CANADIAN STAMPED ENVELOPES.—The Canadian Postoffice Department has recently adopted the system of stamped envelopes which has been in use in this country for several years. The Canadian envelopes are impressed with a medallion bearing an effigy of Queen Victoria. The stamps are of different colors, designating their value. Those of the value of five and ten cents only are as yet issued. These are for sale at all the Canadian postoffices.

A SINGULAR BUT POPULAR DECISION.—The New Orleans *Delta* tells the following:

It appears that among a party of men who were engaged in wheeling dirt upon the batture, two disagreed about some trivial matter, when a scuffle and a rough-and-tumble fight ensued. The men, though easily separated, looked as if they would like to go at it again, when Recorder Monroe happened to pass along just at the moment.

The two men, as soon as they saw the Recorder, rushed up to him, fearing he might order them to be arrested, and commenced giving him their separate versions of the affair. The Recorder seeing that neither party had been hurt in the least, told them to stand up, while he took a seat on a pile of ballast, and asked if there were any witnesses. Some ten or fifteen came forward and related their accounts of the affair to the Recorder, who, after weighing the testimony as long in his mind as the rather unpleasant seat on the ballast would allow, said that both parties were to blame somewhat, and he decided that they should stand treat at a certain coffee-house, twice, for the whole crowd.

Some fifteen or twenty had gathered around listening to the testimony, and it is needless to say that the decision was received with shouts of approbation. One outsider, with a patch which nearly covered his unmentionables, could not contain himself, and continued to jump up and shout out, "Two drinks apiece did ye say, yer honor! By me soul that's the cleverest verdict iver was rindered."

The two combattants submitted smilingly, and after getting rid of about a dollar or so apiece, tipped glasses, shook hands and went back to work.

SINGULAR DEVELOPEMENT BY MEANS OF A DREAM.—Some time early in December last, a family residing in this county had a child of some five years of age, who died, and on the next day was buried in a neighboring graveyard. On the night succeeding the sepulture of this child its mother had a dream in regard to her lost little one, that weighed so heavily on her mind that she would take no excuse or be put off but the grave must be examined to see if the child was still there. She had dreamed of seeing her child taken from the grave, and, altho' her husband went and looked at the grave, and told her it looked unchanged from the time they had left it, still she insisted on a further examination; and, finally, to satisfy his wife, and without any faith in the reality of the dream, the husband in company with several neighbors, went to the graveyard, opened the grave, and then the little coffin; and, judge of their surprise, all was there except the mortal remains of the child. It was gone.

We cannot consent to be considered as believers in dreams, yet there is something in this instance that will stagger the faith of the most incredulous, and give them reason to doubt whether all the visions we see when asleep are merely phantoms or not. This is, to us, a most singular case, and we know it to be true.—*Indiana True American.*

CITY AUCTION ROOM.

NOT MANY GOODS TO SELL AT present, but expect in course of twenty days to be all alive again, therefore will be content and try to be happy.

PLEASURES OF CONTENTMENT.—I have a rich neighbor who is always so busy that he has no leisure to laugh; the whole business of his life is to get money, more money, that he still may get more and more money. He is still drudging on, saying what Solomon says: "The diligent hand maketh rich." And it is true, indeed; but he considers not that it is not in the power of riches to make man happy; for it was wisely said, by a man of observation, "That there be as many miseries beyond riches as on this side of them." And yet heaven deliver us from pinching poverty, and grant that, having a competency, we may be content and thankful. Let us not repine, or so much as think the gifts of God are unequally dealt, if we see another abound with riches, when, as God knows, the cares that are the keys that keep those riches hang often so heavily at the rich man's girdle, that they clog him with weary days and restless nights, even when others sleep quietly. We see but the outside of the rich man's happiness; few consider him to be like the silk-worm, that when she seems to play, is at the same time spinning her own bowels and consuming herself. And this many rich men do, loading themselves with corroding cares to keep what they have already got. Let us, therefore, be thankful for health and competence, and above all, for a quiet conscience.

CHARACTER OF A TRUE FRIEND.—Concerning the man you call your friend, tell me will he weep with you in the hour of distress? Will he faithfully reprove you to your face, for actions which others are ridiculing and censuring behind your back? Will he dare to stand forth in your defence when detraction is secretly aiming its deadly weapon at your reputation? Will he acknowledge you with the same cordiality, and behave to you with the same friendly attention in the company of your superiors in rank and fortune as when the claims of pride do not interfere with those of friendship? If misfortunes and losses should oblige you to retire into a walk of life in which you cannot appear with the same liberality as formerly, will he still think himself happy in your society, and instead of withdrawing himself from an unprofitable connection, take pleasure in professing himself your friend, and cheerfully assist you to support the burthen of your afflictions? When sickness shall call you to retire from the gay and busy scenes of the world, will he follow you into your gloomy retreat, listen with attention to your state of symptoms and administer the balm of consolation to your fainting spirits? And lastly when death shall burst asunder every earthly tie, will he shed a tear upon your grave, and lodge the dear remembrance of your mutual friendship in his heart. If you know such a friend hold on to him.

There are on the premises two houses, partly furnished with conveniences for boarding thirty persons, one barn, and about four hundred cords of seasoned wood. Also six Hall's patent brick machines, two carts, six barrows, and other tools and fixtures necessary for carrying on the brick making business. REPUBLICAN STATE CONVENTION.

A Republican State Convention will be held at the Capitol, in Madison, on Wednesday, the 29th day of February, 1860, at 12 o'clock M., to choose four delegates from the State at large, and two from each Congressional District, to represent the State of Wisconsin in the Republican National Convention to be held at Chicago on the 13th of next June, to nominate two candidates for presidential electors for the State at large; to adopt such action as may be deemed advisable in view of the approaching election of Chief Justice of the Supreme Court of the State; and for the transaction of such other business as may be thought calculated to advance the interests of the party and promote the success of its principles.

Each Assembly District of the State will be entitled to two delegates in such Convention, except where a district includes more than one County, when each county will be entitled to two delegates.

The committee would respectfully suggest that Assembly District Conventions to elect delegates to the State Convention be held as early as Saturday, the 15th day of February.

The United States Senate Committees all Headed by Southern Disunionists!

From the Cleveland Plaindealer.

Mr. Mason remains as Chairman of the Committee on Foreign Affairs; Mr. Clay do. on Commerce; Mr. Yulee do. on Post Office; Mr. Green do. on Territories; Mr. Mallory do. on Naval Affairs; Mr. Bayard do. on the Judiciary, and Mr. Brown do. on the District of Columbia.

These constitute all the important committees of that body, enough to control the entire legislation of the country; and it will be seen that the *South have got them all!* So far as the organization of that body is concerned, there is "*no North, no East, no West!*" It is all *South*, SOUTH, SOUTH! Sectionalized, the committees stand thus:

Foreign Affairs—Mason, of Va	South.
Commerce—Clay, of Ala	South.
Post Office—Yulee, of Fla	South.
Territories—Green, of Mo	South.
Naval Affairs—Mallory, of Fla	South.
Judiciary—Bayard, of Del	South.
District of Columbia—Brown, of Miss	South.

This makes a pretty showing up to the country of Southern clannishness and sectionalism. By cottoning and sugarizing together in Congress and convention, the South, by a unity of action, incited by a unity of interests, have so far controlled Presidents and party issues, as to put the Democracy of the North, East, and West in false positions before the people. The result has been to drive the Democrats from the Free States out of Congress, not being able to stand on Southern platforms and cope with Northern opposition. Every turn of the Southern thumb-screws upon the Northern Democracy has decimated their numbers, until now, so far as the Democratic party is concerned, the South have undisputed control in both branches of Congress.

It tore down a towering Democratic majority in the House; it has nearly obliterated the Democratic majority in the Senate—a majority that stood triumphantly against all opposition for nearly fifty years. Lecompton sent Senator Jones, Senator Wright, and Senator Pugh into retirement and substituted Black Republicans in their places. It will soon end the days of Senators Bigler, Bright, and Fitch; and leave Douglas the last Democratic Senator in that body from all the Free States—"the sole survivor of his race." No new Democratic Senator can ever be elected from any Free State, who in any way endorsed that fatal measure.—Douglas is the last commissioned on the list, and if the present Southern dynasty is to be perpetuated, in '64 he will be the *only Democratic Senator representing any portion of this great confederacy North of Mason and Dixon's line!* At present, the South have the President, Vice-President and Cabinet. Does any one doubt that? The South have a majority of the Supreme Court. Does any one deny this? By their late action in the Senate, they have control of our Foreign Relations, our Commerce the Post Office-Department, Territories, Naval Affairs, Judiciary, &c. And still the same South are threatening to dissolve the Union because they are a persecuted people? The little State of Florida, which has not one-half as many voters as Hamilton county, is honored with the chairmanship of two Senatorial Committees—Post-Offices and Naval Affairs—while Ohio, with more voters than Florida, Alabama, Mississippi, Louisiana, Texas, and Georgia, put together, has nothing! And yet it is the South who are continually railing against sectionalism!"

It is gratifying to meet with *one* Democratic paper in the Free States, that is not afraid to speak its mind as to the composition of the Senate Committees. What the *Plaindealer* states is the simple truth, and one that the Electors of the North and West would do well to bear in mind. It is a practical and all-sufficient answer to the outcry of the Southern Democracy and their Northern Doughface allies, against the Republican Party, as being "sectional" in its opinions and actions. Compare the Committees of the Senate and House of Representatives and judge which is the "Sectional" party. In the SENATE, Democracy has undisputed sway and *takes everything*. In the HOUSE, a Republican Speaker deals fairly and equally by all sections and both parties of the Union; and allows to each its due share in the Committees.

It is but too true that the South now own and control the President, the Cabinet, the Senate and the Supreme Court. The North have only the Popular branch of the National Legislature. Yet because the North thinks that the time has come when, being largely in the majority, it is entitled to a controlling voice in the management of public affairs, the South cries out "Sectionalism," and threatens to "dissolve the Union." And there are *objects* enough among the Northern Doughfaces, to echo this cry and justify the threat. Vide the *News passim*.

The "Irrepressible Conflict" of the News.

The *News* accuses us of making extracts from the speech of Hon. MILES TAYLOR without applying the context, and calls this "low and cowardly conduct." We propose now to make a more extensive extract from Mr. TAYLOR's speech, to which we call the attention of the *News:*

> It is certain that the slavery question has at last reached a crisis, and that it must be put an end to, or that the national confederation of these States must be dissolved. This, I think, will admit of no dispute anywhere in the South, at this time. And then the question necessarily arises in the minds of all those who would avoid a dissolution of the Union: How is the slavery question to be put an end to? To me it seems clear that it can be put an end to only in one way, and that is, by putting down the Northern agitators of the question in their respective States. Remonstrances addressed to them by the South will be of no avail. Guarantees extorted from them will be productive of no advantage. *The enemies of the South and of Southern institutions must be put down by their fellow-citizens in the Northern States in the approaching elections, or the South must withdraw from the existing Union, and establish a new Government for herself.*
>
> But it may be asked if I believe that these alternatives are now immediately before us, why not, then, prepare at once for the separation, which becomes inevitable if our Northern enemies overcome our friends in the approaching contest? To this I would reply, that I believe any steps taken by us in that direction, at this time, would be prejudicial to our Northern friends in that contest, and would greatly diminish their chances of success in it; and that, in addition to this, there is no real necessity for any action of the kind now, *because there will be ample time for us to act when the necessity of a separation is made manifest by the defeat of our Northern friends in November next.*

We have said that the doctrine set forth in this speech,—and which the *News* endorsed in a lengthy leader—is a more dangerous and inexcusable "irrepressible conflict" idea than has ever been broached inside the Republican party. In plain English it is this: Democracy must triumph or the Union will be dissolved. Is there no conflict embodied in the idea? The *News* says, "Mr. TAYLOR advises no assault upon the Northern States." It may not be an "assault" to tell the Northern States that the South will resort to a dismemberment of the States in case of any expression of the will of the majority. It may not be a conflict to "put down the so-called enemies of the South by the continual display of 'dissolving views.'"

The *News* may talk verbosely about this question, but it has shown beyond recantation that the Democracy is the only party whose radical tendencies approach to fanaticism. They are extremists. This cry of victory or death, has too much meaning in politics, and when raised in the North needs no long comment to be understood.

Recent events in Congress have shown unmistakably who are the Disunionists; and now when the *News* comes out and elaborately endorses the assertion that the North shall be compelled to submit to the South, and points to the dreadful alternative, it is only another evidence of the "Irrepressible Conflict" matured and being waged in the Slavery ranks.

We deny any intention of garbling Mr. TAYLOR's letter. The extract we have given is independent of the context. Let it be read and understood in connection with the fact, that the *News* endorses it.

ELECTION OF A CHIEF ENGINEER OF THE NEW YORK FIRE DEPARTMENT.—The Fire Department on Tuesday night held an election for Chief Engineer, which resulted as follows: For John Decker, 2,087; John Cregier, 1,461; Alfred Carson, 334. Total 3,892. Decker's majority over Cregier and Carson, 302 The term of office is three years; salary $5,000 per annum.

DOESN'T SOUND LIKE VICTORY.—The Washington *Constitution* says that HENRY WINTER DAVIS, of Maryland, in voting for Mr. PENNINGTON, "has betrayed the South into the hands of her enemies just as much as if he had invited JOHN BROWN to cross the border with his guns and pikes and other implements of murder and treason." It says, moreover, that even the Southern man "who would not oppose a Black Republican with all his might and main, is an unworthy son who deserves *to be driven from the home he has betrayed!*"

The Administration organ howls fearfully over the Republican organization of the House; but its frantic outcries do not produce the slightest impression on Congress, or the country. The Union has not sustained the slightest shock by the election of a Republican Speaker, and it will stand equally well the election of a Republican President.

DON'T TAKE THE NEWS.—The Charleston *Mercury* does not concur with the Northern Democratic journals in claiming that Mr. PENNINGTON is less of a Republican than Mr. SHERMAN. It says:

> Mr. Pennington is a thorough Black Republican, and has, like his party, steadily voted for Sherman. That he is not one of the sixty-eight members of Congress, who, upon application, indorsed by signature and circulation, Helper's incendiary publication, seems to be regarded by some Southern men as a prodigious triumph of Southern statesmanship. To our judgment, it appears a distinction entirely without a difference.—Pennington's votes for Sherman are sufficient proof, if any were wanting, of his bitter hostility to the South and her institutions. The one is as bad as the other. The march of Black Republicanism and Free soil is onward.

Let the *Mercury* read the *News* and be comforted by its assurances that Mr. Pennington is not a Black Republican, but a National Whig.

IN PURSUIT OF INFORMATION.—The *News* is anxious to know whether "the SENTINEL endorses SEWARD; whether it dare endorse him," &c., &c., and "wants the question answered now." The request is reasonable and it gives us pleasure to enlighten our inquiring neighbor. The SENTINEL "dares" do all that may become a good Republican newspaper, and therefore very cordially "endorses" Mr. SEWARD, thinking him decidedly the ablest statesman in the U. S. Senate, and the wisest of our Republican leaders.

THE SIDEREAL HEAVENS.—The planet Jupiter now shines with a brightness unequaled among the stars, except by Venus when near her inferior conjunction. The present position of the planet is in the constellation Gemini, or the twins, not far from the Meridian of Sirius, the brightest of the fixed stars, and closely preceded by the finest constellation of all the heavens, Orion; so that we have, and shall have for months to come, in juxtaposition, the nightly company of this splendid galaxy—Jupiter, in his brightest glory; Sirius, or the greater Dog; Capella; Castor and Pollux; Arocyon, or the little Dog; Aldebaran; the Pleiades, and the unrivalled constellation of Orion, with the planet Saturn not far away.

GENEROSITY OF THE IRISH SERVANT GIRLS.—Dr. CAHILL, in a letter to the Dublin *Telegraph*, speaks of the generosity of the Irish servant girls here in sending money to their relatives in the old country. He has visited the different offices in New York, for the transmission of money to Ireland, and from the statistics thus obtained, estimates, that during the year 1859 the Irish servant maids now working in this city and Brooklyn have sent home to their parents, brothers and sisters, the enormous sum of one million three hundred and fifty thousand dollars.

THE COMING COMET.—The great Comet of 1556, which was supposed to be the omen preceding the abdication of the Emperor CHARLES Vth, is expected to re-appear this year. Probably it now comes as an omen of the abdication of Mr. BUCHANAN.

NEW JERSEY.—The Trenton (N. J.) State *Gazette* says that New Jersey is good for seven Electoral votes for the Chicago nominee, whoever he may be.

At Home and Abroad.

From the Nashville Banner.

The policy of the Democratic party in the South is to agitate the slavery question as a means of getting into power on the part of some, and as a means of prosecuting their disunion schemes on the part of others. They take advantage of the outbreaks of fanaticism in the North, and the utterances of a few extreme and crazy abolitionists, and represent them as the controlling sentiment of the Northern States They by this means excite the prejudices of the Southern people against their Northern brethren, and hope to lead them on step by step until they are eventually ready to go to any extreme to which it may suit the purposes of political tricksters to advise them. All the Democratic Conventions yet held in the South, including Tennessee, have charged the responsibility of the Harper's Ferry treason upon the Republican party. No disclaimer on their part will induce the Southern Democrats to mitigate or modify the charge, *when at home.*

But how is it when they are invited to travel on Republican Railroads and drink Republican wine? The tune is changed.—The very men who controlled the Democratic Conventions of Tennessee and Kentucky, and who issued these charges of war upon the South against the Republicans of Ohio and Indiana, and who could not find it in their hearts to vouchsafe one word of devotion to the Union, vied with one another in Columbus and Cincinnati in pœns to that Union, and one distinguished Democratic gentleman from Tennessee was actually charged with stealing the thunder of the leading Republican of Ohio, Gov. Chase. At home they tell their constituents to prepare to defend themselves against a war upon the South by these traitorous Republicans; in Ohio they clink their champagne glasses with these monstrous fellows—and the Democratic Governor of Kentucky, who, a few months ago, while talking to his partisans for party effect, uttered the most vehement denunciations against the Republican party, charged them with producing the Harper's Ferry outbreak, and with stealing annually $100,000 worth slaves from Kentucky—tells them, when in their presence, that they have shown themselves "*true to the Union—as true as we are.*"

These are significant facts, and should be treasured up in the minds of the people for reflection during the coming canvass. They will do to refer to when these Democratic party hacks mount the stump during the coming summer, and denounce these same Republicans as traitors, and as warring upon the South, for the purpose of stigmatizing the true Union and conservative men in the country who, we trust, will be rallying all over the Union, around some sound, conservative Union man, as a candidate for the Presidency.

RELIC OF BARBARISM.—Southern Slaveholders and their Northern helpers, such as the Boston *Courier*, complain that the Republican party have cast reproach upon that "beneficent institution," Slavery, by classing it with Mormonism, as a "twin relic of barbarism." The justice of this classification is every day proven, and latterly by the condemnation to death of one Francis Mitchell, by a Charleston Court, for assisting a slave to procure his freedom. On this incident the *Evening Post* comments as follows:

"The South claim that Slaves are like sheep or horses, mere property, and that to run off a negro is the same as theft or robbery. It appears, then, that in Slave States it is necessary to punish larceny with death, as it was punished in Europe in the times of imperfect civilization. What would be said of a law in New York which should punish the stealing of race-horses or other animals, worth a thousand or fifteen hundred dollars, with death? Yet, admitting that slaves are property, as the South asserts, such a law would be precisely the same, in principle, as that under which Mitchell is to be hanged. Capital punishment for larceny now is admitted on all hands to be an evidence of barbarism, and in executing this law upon Mitchell, South Carolina furnishes the best possible evidence of the demoralizing, brutalizing influence of the institution for the spread of which she proposes to dissolve the Union."

A FREE COLLEGE.—The Trustees of Columbia College are said to be considering the expediency of throwing it open, without restriction, to the free admission of students from every part of the United States. Columbia College possesses means sufficiently ample to carry out this liberal project.—*N. Y. Journal of Commerce.*

WE HAVE been requested to advocate Mr. Bates's election to the Presidency. We must know more about him first. We can't swallow *Baits* till we see whether we should thereby get a hook in our mouths.—*Louisville Journal.*

Heavy Hogs—Trempeleau County.

Correspondence of the Sentinel.

SUMNER, Feb. 4, 1860.

MESSRS. EDITORS:—As I have seen from time to time in your valuable paper the weight of hogs, I thought I would send you the weight of eight hogs that were raised in Trempeleau County, by GEO. SILKWORTH, Esq. Five of them were eighteen months old, the heaviest weighing 523 pounds. Three ten months old, and the heaviest of them weighed 353 pounds. The weight of these eight averaged 404 pounds.

Mr. SILKWORTH is our Post Master, and, by the way, a good Republican. He is also proprietor of Beef River Station, and as his wife is one of the best of cooks, and superintends all her work, travelers will do well to stop, as they can test the quality of his pork and other things necessary, which is always of the best quality.

In our town we only polled 24 votes last fall, but 22 of them were Republican. Our land is good, and would be settled faster, if it were not for this Railroad land. I wish they would do something one way or another soon, for as it is, they are like the dog in the manger; they wont improve nor let any-one else.

There has been very little snow up here this winter. The weather has been pleasant with the exception of three or four cold days.

Your humble servant,

A. H. DANIELS.

Beauties of Toombs.

In some recent remarks upon the gentle and amiable Toombs, we intimated that he was sometimes a little hasty in his language. Now, it is the fortune of all great authors and great orators that somebody collects their "beauties" in a book. We now perform a similar service for the Georgia Senator, so far as his late speech is concerned. We do not undertake to exhibit all the "beauties" of that effort, for that would be to copy the entire speech. Let it suffice that we give a few specimen bricks of that noble and statesmanlike performance:

"I feel and know that a large body of these Senators are enemies of my country."

"The State (Wisconsin) sustains them, and has the audacity to send Senators here to look honest men in the face, and prate about union. Their insensibility to shame excites more of our pity than of our contempt."

"Never permit this Federal Government to pass into the traitorous hands of the Black Republican party. It has already declared war against you and your institutions. It every day commits acts of war against you."

"We demand peace or war. We prefer peace; we have sought it through peaceful channels; but, though the road to it shall lead through war, we intend to have it."

"Many acts of your co-conspirators exceed it in boldness; none in meanness and infamy. I have already described it, and leave it to you to defend. It does furtively and clandestinely what the New York bill did openly. It did not require of its supporters to gulp down wholesale perjury, like the New York bill."

"Whenever the Republicans have had power, notwithstanding their sacred oaths to maintain the Constitution, they have proved false to it, and have perpetrated these crimes."

"Unite with us to make England break up her den of thieves in Canada; that would be imitating the example of the fathers."

"The bolder criminals have squarely met the question, and annulled the Constitution."

"In Ohio, the Black Republicans passed similar laws, but the Democrats repealed them; but I see that the Republican Governor has recommended the re-enactment."

"Mr. Wade—I have no doubt they will reinstate them at the first opportunity in Ohio."

"Yet this bastard tribe of Abolitionists, with unmistakable natural marks of their own paternity, dare to call him (Mr. Madison) one of their fathers!"

"The audacity of mendacity can be carried no further."

"Massachusetts commenced her career of crime as early as March 24, 1833, and has continued it up to 1858."

"At least one Senator and sixty-eight Representatives of one House of the National Legislature have recommended a publication that advises the overthrow of our Government by force."

"I do not believe there are enough (Republicans) to meet God's final requisition to save Sodom. No, sir; they mock at constitutional obligations, jeer at oaths. They have lost their shame with their virtue, and no longer feel humiliated at the commission of these great crimes."

"These public enemies are Abolitionists who have formed a coalition with all the waifs and strays—deserters of all former political parties—and the better to conceal their real purposes have assumed the name of the Republican party."

"Theft and murder are their ordinary means of defeating the Constitution where they are not strong enough to pass laws."

"Mr. President, I have charged these acts of perfidy upon these States—they are all proved by the records—New York exceeding those of her associates in this Union in iniquity, in plain, open, shameless, and profligate perfidy, as far as she exceeds them in population and wealth."

"I submit it to the judgment of the Senate, the country, and the civilized world, if, according to the public law of all civilized nations, we have not just cause of war against our confederates?"

"My printed speech has references to enable the reader to investigate this humiliating record of depravity."

"These great-hearted patriots (the office-holders and doughfaces) have marched steadily on in the path of duty."

"These hypocrites, who affect almost to ascribe divine origin to this ordinance."

"This coalition has but one living, animating principle or bond of union, and that is hatred of the people and institutions of the slaveholding States of this union."

"Listen to 'no vain babblings,' to no treacherous jargon about 'overt acts;' they have already been committed. Defend yourselves; the enemy is at your door; wait not to meet him at the hearth-stone; meet him at the door-sill, and drive him from the temple of Liberty, or pull down its pillars and involve him in a common ruin."

Let it be remembered that these extracts are from the corrected copy of Mr. Toombs' speech, published in *The Congressional Globe.*

After this, the South will no longer hesitate in their choice of a leader when they shall undertake the patriotic work of pulling down this Government, burning its ruins and scattering the ashes. Not a fellow of the whole Southern crowd can compare with Toombs in a regular Mexicanese war; which being interpreted, means a war of bloody words. When, for the last time, Gen. Taylor summoned Ampudia to surrender Monterey, that valorous general responded that he would have war to the last gasp, that he had determined to sacrifice his entire garrison and spill the last drop of his blood in a holy defence of his country. Gen. Taylor read his message, shrugged his shoulders, and said: "That means he will surrender to-morrow." And he did. We have no application to make of the story. It would not be civil. It is appropos to nothing.—*N. Y. Tribune.*

WAYSIDE FOOTPRINTS.

BY MARY A. DEYER.

Life is but a varied pathway,
All uneven and unshorn,
Here adorned with blooming flowers,
Yonder set with many a thorn.
O'er this pathway we must journey,
We a lonely pilgrim band,
Toward a place of joy or sorrow
In a far-off "spirit land."

There are footprints by the wayside,
Many footprints here and there;
Some that tell of heavenward journeyings
Some of journeyings toward despair.
These dim footprints all are left us
By the travelers gone before,
Left as guides or silent warnings
In the road we travel o'er.

Here a footprint firmly planted,
Ever tending toward the right,
Tells that one, his journey ended,
Reigns in realms forever bright.
Here another, weak, uncertain,
Wandering o t in error's way,
Tells of one who, misled, blinded,
Squandered all of life's short day.

And if after all his wanderings,
He should find the right again,
Still are left his erring footprints,
That must evermore remain.
Then another coming after
May by them be led away;
May be led by his example
In the paths of sin to stray.

If, then, footprints all are leaving
That shall tell, and tell for aye,
How should we for watching, praying,
Strive to keep the narrow way;
That at last, when life is ended
And we leave this pilgrim band,
Our's may be well-marked footprints
Leading to a "better land."

[*Written expressly for the Daily Sentinel.*]

TWENTY STEPS TO ONE WOMAN'S HEART.

[CONTINUED.]

"Well, here's a go!" said that individual. "What's to be done next?"

"We can't leave her here," answered Jerry as he surveyed the tableau in front of him with something of an admiring hesitation. "Suppose we run up to the island with her. Old Berber that keeps the house will take good care of her, and then we will hear the whole of it!"

"What, carry her off body and soul—perhaps away from her own parental castle—downright abduction!"

"So much the better. There's no parental interference here, but something a confounded sight worse. Besides if there is'nt it will be a gigantic lark. Carry her down to the boat, Green—that's a good fellow—and I'll secure you in full against the damage."

"With your lordship's permission," said Greenway, "I'd rather not. But if you will take charge of the prize, I will join you in a few moments, or as soon as I learn something more of this mystery."

"Pshaw," returned the other, "we don't want to stand here and talk; besides you can manage her so much better than I—come!"

Jerry then starting down the hill, Greenway concluded to follow him. A few steps brought them face to face with Stansbury and Clinton—the latter immediately ejaculating—"Heaven's high—and the lady of Shalott—what have we here?"

"No nonsense for the space of twenty-five minutes, if you please," returned Jerry as he passed them. "Explanations will come naturally after we get through with the business."

On arriving at the boat house, Jerry unceremoniously wrenched the lock from the door, and finding a skiff fastened inside, immediately jumped therein and after having brought it forth, instructed Greenway to place the lady in it—he having first extemporized a comfortable couch with Clinton's shawl and his own great coat—articles the Club had learned by experience never to leave at home, even during the warmest weather, when they were out on nocturnal expeditions. Upon the bottom of this shallop the burthen was laid, and the vessel fastened to the stern of the large one containing the wonder-struck Christmas, and while Jerry was explaining to the rest of the party the circumstances just transpired, Greenway took his way up the hill alone.

"You may depend upon it," concluded the former, "There's something tragic at the bottom of this."

"It's a scandalous affair from beginning to end," said Christmas.

"You holiday Briton, forbear," answered Clinton. "When we want your interlude we'll whistle."

"You may imagine it all a merry joke," continued the little man, "but let me tell you it will have a different ending. There are villains about. When you were gone a large stone from some quarter fell in the boat after grazing my nose and missing my eyesight by a quarter of an inch. That is rather severe joking, I take it."

"That's what may be called missile-aneous joking," added Clinton.

"Pray, what do you intend to do with the lady that you've taken in tow," asked Billet, managing to edge in a word in the general conversation.

"Take her up to Berber's."

"Well, this adventure won't interfere with our eating, will it?" continued Clinton.

"I will wait two minutes more for Greenway," Jerry replied, looking at his gold watch with the aid of Billet's cigar—and then off for Riker's Island."

"If that's the case, I'd better go and fetch him. It won't do to leave two such arms as his behind to-night." Saying which, Clinton rose to leap from the boat when the report of a pistol on the hill-side among the trees arrested him, and the next moment a light was seen moving among the branches.

"Stand to your oars boys!" said Jerry, leaping into the shallop. "Push your bow out into the current, Stansbury, and keep her clear of the shore until we see what is going on!"

Stansbury and Clinton caught up the sweeps, and the next moment the boat swung clear of the stone wall and floated some ten or fifteen feet from the bank, Jerry dexterously keeping the shallop close to its larger companion.

"Now then halloo, on the bank!" he shouted, and a voice plainly distinguishable as Greenway's answered, "keep well away," to which Clinton saw fit to answer—"Aye, aye sir; in any deviltry on shore count us out—in the current," immediately adding to Chris, "that was seaman-like, eh, old boy?"

"I should say it was characteristically naughty-cal," replied that worthy, attempting what was a very unusual thing with him—a pun.

Three men were now visible standing on the stone wall, one of them holding a lantern over his head in a vain endeavor to cast its rays into the boat so that he might discover who its occupants were.

Here Clinton could not refrain from adding a little to Christmas' anxiety by saying in a loud whisper—

"How easy one of 'em might pop you or I overboard with a pistol—eh?"

A remark, it was with satisfaction he observed, caused the small man to crowd himself as far as possible below the thwarts.—However, the men on the bank seemed to have no intention of besieging the Club from the shore, and being unable to make out by the aid of the lantern who they were, and the moon being so much obscured by dark patches of flying clouds as to be of no service to them, they presently were seen walking rapidly along the stone wall until they disappeared in the gloom and foliage higher up.

Greenway immediately appeared on the wall, and as the boat was once more "brought to" and he sprung in, said—

"Cracksmen, profound cut-throats every one of them!" and then addressing Jerry: "If you wish to carry that young lady to Berber's you will have to look uncommonly sharp. Those humane individuals have a boat in the trees just above here, and from what I overheard are not only professional hands at an oar, but quite as well skilled in something worse."

As he ceased speaking, the peculiar sound of oars moving in row-locks could be distinctly heard at no great distance. The young woman whom Jerry had placed carefully in the shallop, had been a listener to all this. And Jerry, who sat in the stern watching every motion of her face with commendable pity and interest, was interrupted as he was about to reply, by her unexpectedly lifting herself on her elbows and saying in a calm voice:

"Yes they have a boat; for Heaven's sake be quick!"

"Head her for the other side of the channel; we may get under the shore before they see us," and accompanying the direction Jerry took up the short pair of sculls which lay in the shallop, and commenced to impel the boat ahead.

A gradual change had been enacted in the heavens during the transaction of the circumstance we have been narrating. The sky was covered with patches of clouds, which ever and anon obscured the moon completely. The wind also had sprung up, and the regular swash that met the bow of the greater boat as Greenway and Clinton bent to the sweeps, plainly indicated how much more of work than play their further progress would be.

"If something worth telling does not come of this," said Clinton, "let there be no more cakes and ale."

"If those rascals overtake us we shall have a regular sea-fight, after Cooper, to relate," rejoined Greenway.

"Rash business, gentlemen, rash," interpolated Chris from under the bow.

"But if those flying dutchmen spoil our bacon, my free-born Briton, that will be rasher—eh?" continued Ed Clinton. "It is well known my beauty that those rascals who frequent the channel are cannibals and that's the reason they think it *mete* to attack people who pass up and down the river. Perhaps you don't believe it, my friend of magna charters," he added, trying to look over his shoulder at the little man crouching under the stern. "If you read the *Police Gazette* you will find that only a month ago a skeleton was discovered on Ward's Island hanging over a pile of charcoal and ashes, and round about were found plates and case knives showing, only too plainly and horribly, as the papers say, what had been the nature of the feast. Hey—what's that?"

SOYER'S SULTANA'S SAUCE,

For Hot and Cold Dishes of all Kinds.

THIS MOST DELICIOUS and appetising Sauce, invented by the renowned "SOYER," for the London Reform Club, is, since his decease, manufactured by the well known house of CROSSE & BLACKWELL, London, from the original recipe. It is the favorite sauce in England and on the Continent, with a high and growing reputation among American Epicures, and is much approved of as a stimulant to the appetite and aid in digestion.

Opinions of the London Press.

"We recommend our correspondent to try MONS. SOYER's new Sauce, entitled the 'Sultana's Sauce.' It is made after the Turkish recipe; its flavor is excellent, and it affords considerable aid in cases of SLOW AND WEAK DIGESTION."—*The Lancet.*

"Savory, Piquant and Spicy, worthy the genius of Soyer."—*Observer.*

"A most valuable adjunct to Fish, Flesh, and Fowl, and should have a place on every table."—*Atlas.*

DIAPERS, &C.—CONSUMERS OF RICHARDSON'S LINENS, and those desirous of obtaining the GENUINE GOODS, should see that the articles they purchase are sealed with the full name of the firm, J. N. RICHARDSON, SONS & OWDEN, as a guarantee of the soundness and durability of the Goods.

This caution is rendered essentially necessary, as large quantities of inferior and defective Linens are prepared, season after season and sealed with the name of RICHARDSON, by Irish Houses, who, regardless of the injury thus inflicted alike on the American consumer and the manufacturers of the genuine Goods, will not readily abandon a business so profitable while purchasers can be imposed on with Goods of a worthless character.

(ESTABLISHED 1778.)
SOLE IMPORTERS,
No. 338 Broad Street, New York.

THIS DELICIOUS TONIC, ESPECIALLY for the use of the

Medical Profession and the Family,

Possesses those INTRINSIC medicinal properties, [Tonic and Diuretic] which belong to an

OLD AND PURE GIN.

The business of manufacturing spurious Gins, and offering them as beverages, under the titles, "Aromatic," "Cordial," "Medicated," &c., has become so common that the public are justly suspicious of nearly everything that is offered under similar forms, and the trade has thus been brought into disrepute. It has remained for our house (established in 1778) to supply the pressing popular need, and to inaugurate a new era in the history of the Trade. We trust that our established reputation—founded upon eighty years of experience—abundantly vindicates our claim to public confidence.

N. B.

A comparison of "Bininger's [Old London Dock Gin" with others bearing similar names, will establish its superiority, and make other Caution unnecessary.

THE SENTINEL.

COMMERCIAL.

MONDAY EVENING, February 13th, 1860.

Money Matters.

Exchange still holds out at former prices, buying at 1¾ and selling at 2 per cent. premium, but not unfrequent opportunities offer to buy on the street at lower figures than the bank rates. The demand for money being light, the market is easier, and good business paper is negotiated readily at the banks. Money is offered freely at 12 per cent. for two or three years, secured by good city property.

NEW YORK BANK STATEMENT.—The statement of the New York Banks for the week ending to-day, as reported by telegraph, shows the following change:

Decrease in loans	$750,874
Decrease in specie	37,791
Increase in circulation	10,670
Decrease in deposits	1,106,639

Several arrests have been made for passing spurious $5's on the North River Bank. They are a poor imitation.

Commercial.

Receipts by Railroad for the 24 hours ending noon to-day include:

Flour, bbls	841	Dressed hogs, No.	159
Wheat, bus	6,584	Hides, No	580

Barley, bus	596	Rags, lbs	1,430
Corn, bus	571	Poultry, lbs	320
Rye, bus	32	Grass seed, bus	5

If we except dullness, the wheat market was without any very distinctive features to-day. It was extremely languid at the opening, buyers offering but 96c for No. 1 on the track. On 'change it assumed a little more buoyancy, and an advance of ½c was obtained on the same grade. A small amount sold for delivery in bags at $1; No. 2 sold at 97c on track; Club delivered at $1,01@1,02; and Extra at $1,02@1,03. The sales as all reported on 'change did not exceed 5,000 bushels.

Flour was dull. A couple of small lots of country Spring Extra sold at $4.50 in a sort of a retail way.—No speculative demand whatever.

No change in coarse grains.

DETROIT MARKET:—The market yesterday was extremely dull, and but very little was done in anything. The only flour selling is to the retail trade, where $5@5.12½ is paid for extras. For wheat there is scarcely any demand, and the nominal rates for the best white are $1.25@1.27, and for red $1.15@1.17. On the street, prices are about 5c lower, white bringing $1.20@1.21, and red $1.12@1.15. Corn is dull, and 57c is an outside figure, while some of the dealers would sell at 56c. MARINE AFFAIRS.

SALE OF THE AMERICAN TRANSPORTATION CO.'S PROPELLERS:—The sale of the propellers of the American Transportation Company came off at Buffalo on Tuesday last. They were all bid off by William Williams, Esq., on behalf of the banks who are the principal creditors of the Company, as follows: Propeller *Potomac*, $15,500; *Chicago*, $15,000; *Allegheny*, $9,900; *Iowa*, $8,800; *Buffalo*, $7,000; *Cataract*, $1,000; *Niagara*, $5,000; *Pocahontas*, $8.000; *M. B. Spaulding*, $1,000; *Sciota*, $1,500. Total, $70,400. The canal boats, twenty-six in number, were bid off at prices varying from $200 to $750 each. These all passed into the same hands, with the exception of one, which was purchased by Mr. Kilderhouse.

THE WRECKING TUG OSWEGO, now lying up at this port, will, we are informed, be fitted out on the 1st of the coming month, and proceed to McGulpin's Point to get off the schooner *C. North*, wrecked last fall. She will then pass over to the east end of the North Manitou, for the purpose of getting off the barque *American Republic*. She will be well supplied with steam pumps and all requisite appliances.

OCEAN VESSELS BUILDING AT CLEVELAND.—Laffriner & Stevenson, the well-known ship builders of Cleveland, have a contract to build two fore-and-aft schooners of two hundred tons each, for parties in Boston. The vessels are designed for the Atlantic coasting trade.—The work has already been commenced.

THE STEAMER SULTANA.—The Detroit *Advertiser* says the old Steamer *Sultana* is having her cabins and machinery removed, it being the intention to employ the hull hereafter in the lumber trade. The capacity is some 600,000 feet, and if freights should rule high the coming season, she will certainly pay better as a barge than she ever did as a steamboat. It is talked of furnishing her with a propeller wheel.

THE STEAMER ARCTIC, the Detroit *Tribune* says, is to be added permanently to the Lake Superior fleet; and probably the *Sea Bird* also.

THE PROPELLER CUYAHOGA, of the D. & M. Railway, cleared for Grand Haven at 8 o'clock last night, loaded to her utmost capacity with flour, provisions and produce.

The Great Secret at Last Discovered!!

JUNIUS JUDSON,
PATENTEE AND MANUFACTURER OF
JUDSON'S PATENT
GOVERNOR VALVES,
FOR REGULATING THE
MOTION OF STEAM ENGINES,

WARRANTED THE MOST PERFECT Governor of Steam Power in the world, and like all really great inventions, the most simple. Manufactured by Judson & Snow, at Rochester, N. Y., Selye Buildings, near R. R. Depot.
Shop Rights for sale.

CAUTION TO INFRINGERS.

Patent issued in the United States, Nov. 5th, 1858. Reissued, Jan. 4th, 1859. Second Patent, March 4th, 1851. Patented also in Great Britain and the Canadas, June 6th 1851.

This improvement consists in making regulating valves to open with a rapidly increasing ratio of opening, by increasing the width of the opening made in the valve—or by accelerating the opening motion of the ordinary valves in use—or by combining increased width of opening, with accelerated valve motion. My patent Valves and Governors are so arranged as to give the resistance to the piston's motion, (or retard of the engine,) the power to open the valve just the exact amount of aperture necessary to counteract that resistance; and from the aperture, by the addition of equal amounts of resistance, notwithstanding that the action of the governor is continually decreasing in its effects.

I therefore reverse the action of valves combined with governors, as heretofore used. And as this effect can be produced by many different mechanical devices, (apparently not similar, but really indentical with my improvement,) by which infringers have imposed upon the public, I therefore caution and request all persons interested, to examine carefully all alleged improvements in valves or governors, to see if the application of this truth or principle, first discovered and applied by me, is not involved in their arrangements;—and thereby prevent a fraud upon the purchaser and inventor, both of which are at present much annoyed by their piratical depredations. THE GREATEST
MEDICAL
DISCOVERY
OF THE AGE.

MR. KENNEDY, OF ROXBURY, HAS discovered in one of our common pasture weeds a remedy that cures
EVERY KIND OF HUMOR.
FROM
THE WORST SCROFULA DOWN TO A COMMON PIMPLE.

He has tried it in over eleven hundred cases, and never failed except in two cases, both thunder humor. He has now in his possession over one hundred certificates of its value, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth.

One to three bottles will cure the worst kind of pimples on the face.

Two or three bottles will cure the system of biles.

Two bottles are warranted to cure the worst canker in the stomach.

Three or five bottles are warranted to cure the worst kind of Erysipelas.

One to two bottles are warranted to cure all humor in the eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruptions of the skin.

Two or three bottles are warranted to cure the worst kind of ringworm.

Two or three bottles are warranted to cure the most desperate case of rheumatism.

Three or four bottles are warranted to cure salt rheum.

Five to eight bottles will cure the worst case of scrofula.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

ROXBURY, Mass.

DEAR MADAM:—The reputation of the Medical Discovery, in curing all kinds of humors, is so well established, by the unanimous voice of all who have ever used it, that I need not say anything on the subject, as the most skillful physicians and the most careful druggists in the country are unanimous in its praise.

In presenting the Medical Discovery to your notice, I do it with a full knowledge of its curative powers, in relieving all, and curing most of the diseases to which you are unfortunately so liable. That most excruciating disease to an affectionate mother.

NURSING SORE MOUTH

is cured as if by a miracle; your own temper is restored to its natural sweetness, and your babe from short and fretful naps to calm and sweet slumbers; and the Medical Discovery becomes a fountain of blessings to your husband and household.

In the more advanced stages of

CANKER

it extends to the stomach, ensuing

DYSPEPSIA

which is nothing but canker on the stomach; then on the intestines and

KIDNEYS

creating a sinking, gone feeling, and an indifference even to the cares of your family.

Your stomach is

RAW AND INFLAMED,

your food distresses you, and you can only take certain kinds, and even of that your system does not get half the nourishment it contains, as the acrimonious fluid of the canker eats it up; then your complexion loses its bloom and becomes sallow or greenish, and your best day is gone. For want of nourishment your system becomes loose and flabby, and the fibres of your body become relaxed. Then follows a train of diseases which the Medical Discovery is peculiarly adapted to

CURE;

Palpitation of the heart, pain in the side, weakness of the spine and small of the back, pain of the hip-joint when you retire, irregularity of the bowels, and also that most excruciating of diseases the

PILES.

How many thousands of poor women are suffering from this disease and pining away a miserable life, and their next door neighbor does not know the cause. I wish to impress on your mind that good old proverb, "an ounce of prevention is better than a pound of cure." In the

MEDICAL DISCOVERY

You have both the preventative and the cure, with this great and good quality, that it will never, under any circumstances, do you an injury. Yours truly,

DONALD KENNEDY.

DR. CHURCHILL'S REMEDY.
WINCHESTER'S GENUINE PREPARATION OF THE
HYPOPHOSPHITES
OF LIME AND OF SODA,
(Made from the Formula of Dr. J. F. Churchill,)
FOR THE PREVENTION AND CURE OF
CONSUMPTION!

THE SUCCESS OF THIS NEW REMEDY, (discovered by Dr. Churchill, of Paris,) is obtaining the most UNBOUNDED POPULARITY throughout Europe and the United States. It is a purely SCIENTIFIC PREPARATION, and acts with INVARIABLE EFFICACY in all stages of Pulmonary and Nervous Diseases.

This *Remedy* has not only a curative effect, but will, if used wherever there exists a suspicion of the disease, PREVENT ITS DEVELOPMENT, and thus act *as a preservative with regard to Consumption, just as vaccination does with regard to small-pox.*

What the Medical Profession Say.

"In no instance have I found the Remedy to fail."—*Dr. Churchill.*

"I have used your preparation of the Hypophosphites *with the most happy effect.*"—*C. Fisher, M. D., Lyaville, Ill.*

"*I have been astonished in witnessing the good effects of the Hypophosphites.* The statements in your pamphlet are not at all exaggerated. My patient was just entering the last stage of tubercular consumption."—*E. Moses, M. D., Hoosic Falls, N. Y.*

"They exert an important remedial influence over the tubercular disease by *improving the nervous strength and invigorating the nutritive functions.*"—*Dr. W. E. Rust, Morristown, N. J.*

"I have derived more satisfaction from the use of your Hypophosphites *than from all other forms of medication combined.*"—*Dr. Geo. W. Maris, Columbus, O.*

"If, on the earliest appearance of the symptoms, the patient takes daily about ten grains of the Hypophosphites, he will speedily find himself in the enjoyment of such health as he, perhaps, had never known in his life before."

"Winchester's Hypophosphites are unexceptional in their preparation."—Am. Druggists' Circular.

"Mr. Winchester is worthy of all confidence, and devotes himself enthusiastically to these preparations in all their variety of combination. Prepared strictly by Dr. Churchill's method."—D. Meredith Reese, M. D., New York.

"LOWELL, O., July 5, 1859—I have had several cases given up by attending physicians who are now exempt from all the symptoms of pulmonary disease.—I have used the Remedy in my own case, with decided success. It was regarded as hopeless by physicians and friends, and even by myself, under the 'old treatment.' I am now able to ride, in attending the sick, as many miles, perhaps, in a day, as any other physician in the country."—*W. F. Clark, M. D.*

"The Hypophosphites are most appropriate Remedies in large class of affections resulting from loss of nervous force."—Boston Medical and Surgical Journal.

Dr. Churchill's Work on Consumption,
IS NOW READY.

The Hypophosphites may be used with incurable success in Chronic Bronchitis, Asthma, Dyspepsia, and in all "Nervous" Disorders.

Make no Delay!

Consumptives, in any stage of the disease, should resort immediately to the use of the Hypophosphites of Lime and Soda. "Winchester's Genuine Preparation" (in simple syrup), in extra large bottles, is "chemically pure"; is the combination proposed by Dr. Churchill "for general use"; and is prepared according to his original Formula.

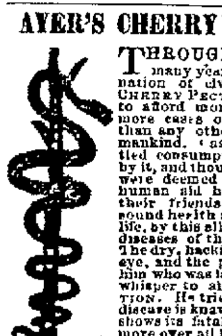
AYER'S CHERRY PECTORAL.



THROUGH A TRIAL OF many years and through every nation of civilized men, AYER'S CHERRY PECTORAL has been found to afford more relief and to cure more cases of pulmonary disease than any other remedy known to mankind. Cases of apparently settled consumption have been cured by it, and thousands of sufferers who were deemed beyond the reach of human aid have been restored to their friends and usefulness, to sound health and the enjoyments of life, by this all-powerful antidote to diseases of the lungs and throat.—The dry, hacking cough, the glassy eye, and the pale, thin features of him who was lately lusty and strong, whisper to all but him CONSUMPTION. He tries every thing; but the disease is knawing at his vitals, and shows its fatal symptoms more and more over all his frame. He is taking the CHERRY PECTORAL now; it has stopped his cough and made his breathing easy; his sleep is sound at night; his appetite returns, and with it his strength. The dart which pierced his side is broken. Scarcely any neighborhood can be found which has not some living trophy like this to shadow forth the virtues which have won for the CHERRY PECTORAL an imperishable renown. But its usefulness does not end here. Nay, it accomplishes more by prevention than cure. The countless colds and coughs which it cures are the seed which would have ripened into a dreadful harvest of incurable diseases. Influenza, Croup, Bronchitis, Hoarseness, Pleurisy, Whooping Cough, and all irritations of the throat and lungs are easily cured by the CHERRY PECTORAL if taken in season. Every family should have it by them, and they will find it an invaluable protection from the insidious prowler which carries off the parent sheep from many a flock, the darling lamb from many a home.

Authenticated evidence of these facts, with directions for the treatment of each complaint, may be found in Ayer's American Almanac, of which we publish three millions, and scatter them broadcast over the earth, in order that the sick everywhere may have before them the information it contains.—Druggists and dealers in medicine generally have them for distribution gratis, and also for sale these remedies, prepared by Dr. J. C. AYER, Practical and Analytical Chemist, Lowell, Mass.

ARE YOU SICK?

Then you can't be cured too soon. Don't delay until your complaint is incurable, and then mourn when it is too late. Four-fifths of all the diseases which people the church yards, might be cured by Ayer's Cathartic Pills, if taken in season. Don't go dragging through the Spring, faint, sleepy and listless, because your blood is loaded with bile. Don't wear the Headache, Heartburn, and their kindred disorders, because the stomach is foul. Don't parade yourself around the world, covered with Pimples, Blotches, Ulcers, Sores, and all or any of the unclean diseases of the skin, because your system wants cleansing. Don't show yourself about, lean, haggard, all caved in, because your Stomach and Bowels need strengthening into healthy action.—Ayer's Pills set these things right as surely as water quenches fire. They purify the body and blood, and restore their functions into healthy activity which you can feel as quickly as they are taken.—They are the one great medical wonder of the age, recognized by all who know their virtues, and many thousands know them. Take the Cherry Pectoral for a cough, and the Pills for all derangements requiring a purgative medicine.

Prepared by JAMES C. AYER, Practical and Analytical Chemist, Lowell, Mass., and sold by JOHN RICE, Milwaukee, J. H. REED & CO., Chicago, and all Dealers in Medicine everywhere.
